Dear xxx

**HEALTH SUPPORT SERVICES BENCHMARKING STUDY- BE IN BEFORE REGISTRATIONS CLOSE ON 23<sup>RD</sup> AUGUST**

We'd like to advise you that registrations for the Australasian Health Support Services Benchmarking Study 2007 are closing on the 23rd August, and we don't want you to miss out on sharing the benefits of the study with other health organisations like yours.

**Act now to identify your performance gaps and improve your cost-effectiveness**

Take advantage of this opportunity now, as the next study is not expected for two years or so. Register your organisation online now by signing up as a member at [www.au.resetgroup.com](http://www.au.resetgroup.com) and purchase the study for just \$2000 – reduced from our previous studies.

**Wider scope than ever – more relevance to you**

This study includes a wider scope of support services and performance measures than previous studies as you can see at [www.resetgroup.com](http://www.resetgroup.com). Join the wide range of hospitals already participating and find highly relevant information on your customized online report.

**Additional benefit of free comparison to U.S. hospitals**

You can have the additional benefit of free comparisons with U.S. hospitals if you *complete* the study before 23rd August.

**Do you have any questions before joining the study?**

If you have any questions about the study, please contact me directly on 02-8011 4730 or by email at [info@resetgroup.com](mailto:info@resetgroup.com).

We look forward to the prospect of collaborating with you...

Yours sincerely

**Chris Bishop**  
Director Global Benchmarking
